

PRUDHVI NARAYAN GAJJELA

Aspiring Software Developer

Python — Java — Web Development — AI & ML

+91 8919294535 — prudhvigajela8522@gmail.com

LinkedIn — GitHub

Profile

Motivated and detail-oriented B.Tech student specializing in Computer Science Engineering (AI & ML) with strong interest in software development, web technologies, and problem solving. Skilled in Python, Java, HTML, CSS, and JavaScript with hands-on experience in academic and personal projects. Passionate about learning modern technologies and building practical solutions.

Education

B.Tech in Computer Science Engineering (AI & ML)

Expected 2027

Kakatiya Institute of Technology and Science (KITSW), Warangal

CGPA: 7.15

Technical Skills

- **Programming Languages:** Python, Java, C
- **Web Technologies:** HTML5, CSS3, JavaScript
- **Database:** SQL (Basics), MongoDB (Basics)
- **Tools & Platforms:** Git, GitHub, VS Code
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms, REST APIs, Machine Learning Fundamentals

Projects

Campus Club Event Management System

- Developed a web-based event management system to streamline campus club activities and event coordination.
- Designed modules for event registration, participant management, scheduling, and announcements.
- Built an interactive user interface using HTML, CSS, and JavaScript.
- Improved event tracking and communication between students and coordinators.

Monitoring Cardiac Vascular Health Using CNN-LSTM

- Developed a deep learning application using CNN and LSTM models for cardiovascular health analysis.
- Implemented preprocessing and prediction workflows for cardiac signal datasets.
- Explored feature extraction and temporal sequence learning techniques.

Fake Review Detection System

- Built a review classification system using Python and text-processing techniques.
- Performed data cleaning, feature extraction, and sentiment analysis.
- Implemented machine learning algorithms to classify genuine and fake reviews.

Relevant Coursework

- Data Structures and Algorithms
- Object-Oriented Programming
- Database Management Systems
- Web Development
- Operating Systems
- Artificial Intelligence and Machine Learning

Certifications

- Python Programming
- Web Development Basics

Strengths

- Problem Solving
- Quick Learner
- Analytical Thinking
- Team Collaboration
- Adaptability

Declaration

I hereby declare that the above information is true to the best of my knowledge.
